Chief, Research and Development Branch, OC-E

Request for Requisition.

RD-91-SA

1. Contract RD-91-SA with the [] is developing a passive intercept receiver system. In conjunction with this a pulse analyzer will be required; as this analyzer is not to be procured within the scope of the contract, it is to be Government furnished.

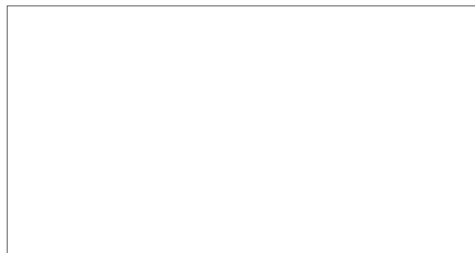

2. It is requested that the following item be delivered to the [] Corporation:

1 ea. RDJ-1 Analyzer, Electrical Pulse

Stock No. 5840-003-8085

Chargeable to Allotment 6-7912-10-672.

The box marking should be as follows:

3. This unit is to be used for the necessary tests in conjunction with the development of the basic system and will be returned to this [] concurrent with the delivery of the first prototype model.

P.S. [] did not include the price of the RDJ-1 in its proposal for Contract RD-91-SA. Since it assumed that the unit would be GLE, if delivery is not made from [] stock, it will be necessary for [] to purchase RDJ-1 and this will necessitate an increase in price of the contract.
